#### THEME:

**Knowledge and Skills for Resilience and Growth in the 5th Industrial Era**

# ANNUAL KENYA DIASPORA HOMECOMING CONVENTION

KDHC - 2024 - CONCEPT NOTE

#### 📅 DATES:

December 9<sup>th</sup>- 11<sup>th</sup>, 2024

#### 📍 LOCATION:

Radisson Blu Hotel, Upperhill,  
Nairobi, Kenya

## Executive Summary

The **11th Annual Kenya Diaspora Homecoming Convention**, scheduled for **December 9th -11th, 2024** at the **Radisson Blu Hotel in Nairobi**, is a premier event that brings together the Kenyan diaspora from around the globe to engage in dialogue and activities focused on the development and prosperity of Kenya. The diaspora, as we all know, have been at the forefront of Foreign Direct Investments in Kenya with them remitting a whopping **USD4.19B (KES670B)** in 2023. This sum is expected to increase in the coming years as they learn of more ways to invest in the country. Set against the backdrop of the **5th Industrial Era**, this year's theme, "Knowledge & Skills for Resilience and Growth," emphasizes the critical need for **adapting to technological advancements, enhancing climate resilience, and fostering economic transformation for sustainable development**. The Convention aims to bring together a host of government leaders and representatives, private sector leaders, civil society specialists, business entrepreneurs, academics, and students all focused on contributing to the Kenyan economy.

### Background.

As the world enters the 5th Industrial Era, marked by unprecedented technological advancements and innovation, there is a pressing need for countries, especially developing nations like Kenya, to adapt and evolve to ensure resilience, sustainability, and economic prosperity. The Kenyan diaspora, with its diverse wealth of knowledge, skills and networks, plays a pivotal role in this transformation. This happens against the backdrop of the Kenya's Ministry of Labour evolving a **'National Strategy for Skills Development for Labour Migration'**. This event could not have come at a better time.

### Objectives

- To harness the skills and knowledge of the Kenyan diaspora for technology exchange, technical assistance, career upgrades and economic resilience.
- To promote climate resilience and sustainability in the development of Kenya by leveraging on technology and innovation.
- To explore avenues for economic transformation and growth for prosperity through diaspora engagement and investment.
- To foster collaboration and exchange between and among the diaspora, academia, research, professionals, government, private sector, and civil society.

### Intended outcome:

The Convention aims to culminate into a comprehensive action plan that outlines clear strategies and initiatives for harnessing the potential of the Kenyan diaspora in driving resilience and growth in the 5th Industrial Era. A commitment to ongoing and deepened collaboration and engagement among all stakeholders will be emphasized.

#### ORGANISED AND POWERED BY:

REGISTRATION: <https://kdhc.co.ke/>

<sup>1</sup> Also called by some Diaspora Direct Investments (DDI).

### FOCUS AREAS

#### Diaspora Skills for Technology Transfer, Career Upgrades and Resilience

Sessions will explore how diasporans can leverage their knowledge and skills prowess and experience to accelerate technology transfer, upgrade their careers and contribute to building a resilient Kenyan workforce ready to tackle the challenges and harness opportunities of the 5th Industrial Era. The session will also focus on manufacturing of key elements especially in the agro-processing, extractive and semiconductor industries for the success of the 5th Industrial Era .

#### Climate Resilience, Finance and Sustainability

With the notable escalating impacts of climate change, discussions will delve into sustainable practices, renewable energy, and green technologies that diasporans can introduce to Kenya. This segment aims to highlight innovative solutions for water conservation, agriculture, and urban planning. It shall also explore climate finance, carbon trading, climate mitigation as well as adaptation. Participants will interact with new laws and regulations, both at national and county levels, e.g. FLOCCA, etc.

#### Tech-novation (Technology & Innovation)

Tech-novation sessions will showcase the latest technological advancements and innovative solutions that can drive and accelerate Kenya's development and transformation. Topics will include artificial intelligence (AI), machine learning (ML), coding, Internet of Things (IoT), blockchain, cloud computing, e-Commerce, Fintech and Cybersecurity, with a focus on how these can be utilized for social and economic transformation.

#### Economic Transformation and Growth for Prosperity

This session will explore strategies for economic diversification, safe and secure investment opportunities for the diaspora, and policies that can facilitate the seamless integration of diaspora contributions into Kenya's economy. Special emphasis will be placed on entrepreneurship, financial literacy, investment information, SME support, access to affordable capital, cross-border trade, opportunities of the African Continental Free Trade Agreement (AfCFTA), the 'Deal Room;', and the role of technology in economic growth.

**Knowledge and Skills for Resilience and Growth in the 5th Industrial Era.**

## SAMPLE TOPICS:

### Diaspora Skills for Technology Transfer, Career Upgrades and Resilience

- **Bridging the Skills Gap:** Utilizing Diaspora Expertise for Workforce Development in Kenya
- **Career Resilience in the Digital Age:** How Diasporans Can Stay Relevant and Competitive
